Get Ready! Plan now to attend one of the spring workshops offered by **FONCPL!** These free sessions provide access to a network of Friends' groups who share the same goals, concerns, and interests.

Each workshop will feature the latest information from the State Library of North Carolina, as well as a knowledgeable speaker and roundtable discussions for the benefit of all. Information about the **FONCPL** award programs will be presented. Find out how to win cash for your Friends group!

You do not have to be a member of **FONCPL** to attend the workshops. Library directors, trustees or volunteers are welcome. Anyone seeking to form a Friends group will find advice from experienced Friends.

Bring your Friends to meet new Friends and gain fresh ideas for the coming year. Send the workshop registration to the contact person for the workshop you want to attend. They are located across the state to provide access to all.
